---

*Hello, I am a Full-Stack Developer just completing the University of Denver Full-Stack Development Bootcamp looking to fulfill a role as a Full-Stack Developer.*

## TECHNICAL SKILLS

**Backend:** MongoDB, MySQL, Express, Node

**Frontend:** HTML5, CSS, JavaScript, jQuery, React, Bootstrap, Chrome DevTools, Authentication, AXIOS

**Deployment:** Git, GitHub Pages, Heroku

## PROJECTS

**Team-Profile-Generator** | <https://github.com/tyhunt24/team-profile-generator>

- Generates a webpage that displays my team's basic info. The page is generated by asking questions on the command line.
- My core responsibilities in this project was to create the questions that were asked on the command line.
- HTML, CSS, JavaScript, Node

**Good-Readme-Generator** | <https://github.com/tyhunt24/good-readme-generator/>

- Command line Application that asks the user questions for what they want in their ReadMe then it creates the user a Readme.
- My responsibilities were to create the questions that were asked in the readme.
- JavaScript, Node

**Employee-Directory** | <https://github.com/tyhunt24/employee-directory19> | <https://tyhunt24.github.io/employee-directory19/>

- The user is able to view the entire employee directory, sort the users in alphabetical order, and search for a user.
- My responsibilities were used to create the entire react application.
- React, Bootstrap

## EXPERIENCE

H&W Fumigation INC - Akron, Colorado

Service Worker, April 2016 - August 2019

- I walked 5-6 miles a day exterminating prairie dogs for the safety of cattle ranches.

Washington County Golf Course – Akron, Colorado

Maintenance Worker, April 2019 - August 2020

- I mowed the fairways and also helped change out broken sprinkler heads and put new ones in.

## EDUCATION

**Certificate in Full Stack Web Development:** University of Denver, Denver, Co
